

Byron Mathe

The driving force behind every multimedia moment at Shadow Mountain Community Church is Byron Mathe, Director of Media. From in-house stage and set design, to lighting, audio, video and remote national touring events, Byron helps to create a world class atmosphere for Shadow Mountain Community Church and special events for Turning Point Ministries that engages the congregation with the message and worship experience.

With Byron's experience in the church environment, he understands many of the hurdles that churches face with budgets, timelines, etc.

Prior to working at Shadow Mountain Community Church, Byron was the Director of Media at Immanuel Baptist Church in Highland CA, and has worked as a consultant for a number of churches, schools and concert venues, assisting with various productions and installations.

In addition, Byron worked with Live Light Inc. in Fresno, CA. At Live Light, Byron provided technical support for a wide variety of events including: concerts, corporate, theater, political rallies, sporting events, church events, conventions, and more. While at Live Light, Byron received extensive training in the maintenance and upkeep of automated lighting systems, audio systems, and attended Meyer Sound Labs SIM 3 school, CM motor school and a number of Meyer Sound Labs seminars.

Byron's roots are in Moreno Valley CA, and he now resides in El Cajon, CA with his wife Megan and their four children. His hobbies include photography and home improvement projects and he enjoys working on his classic car. Byron is also a Fresno State Alumni, with a B.A. in Electronic Media Production.
